

ABOUT LEGACY STUDIOS

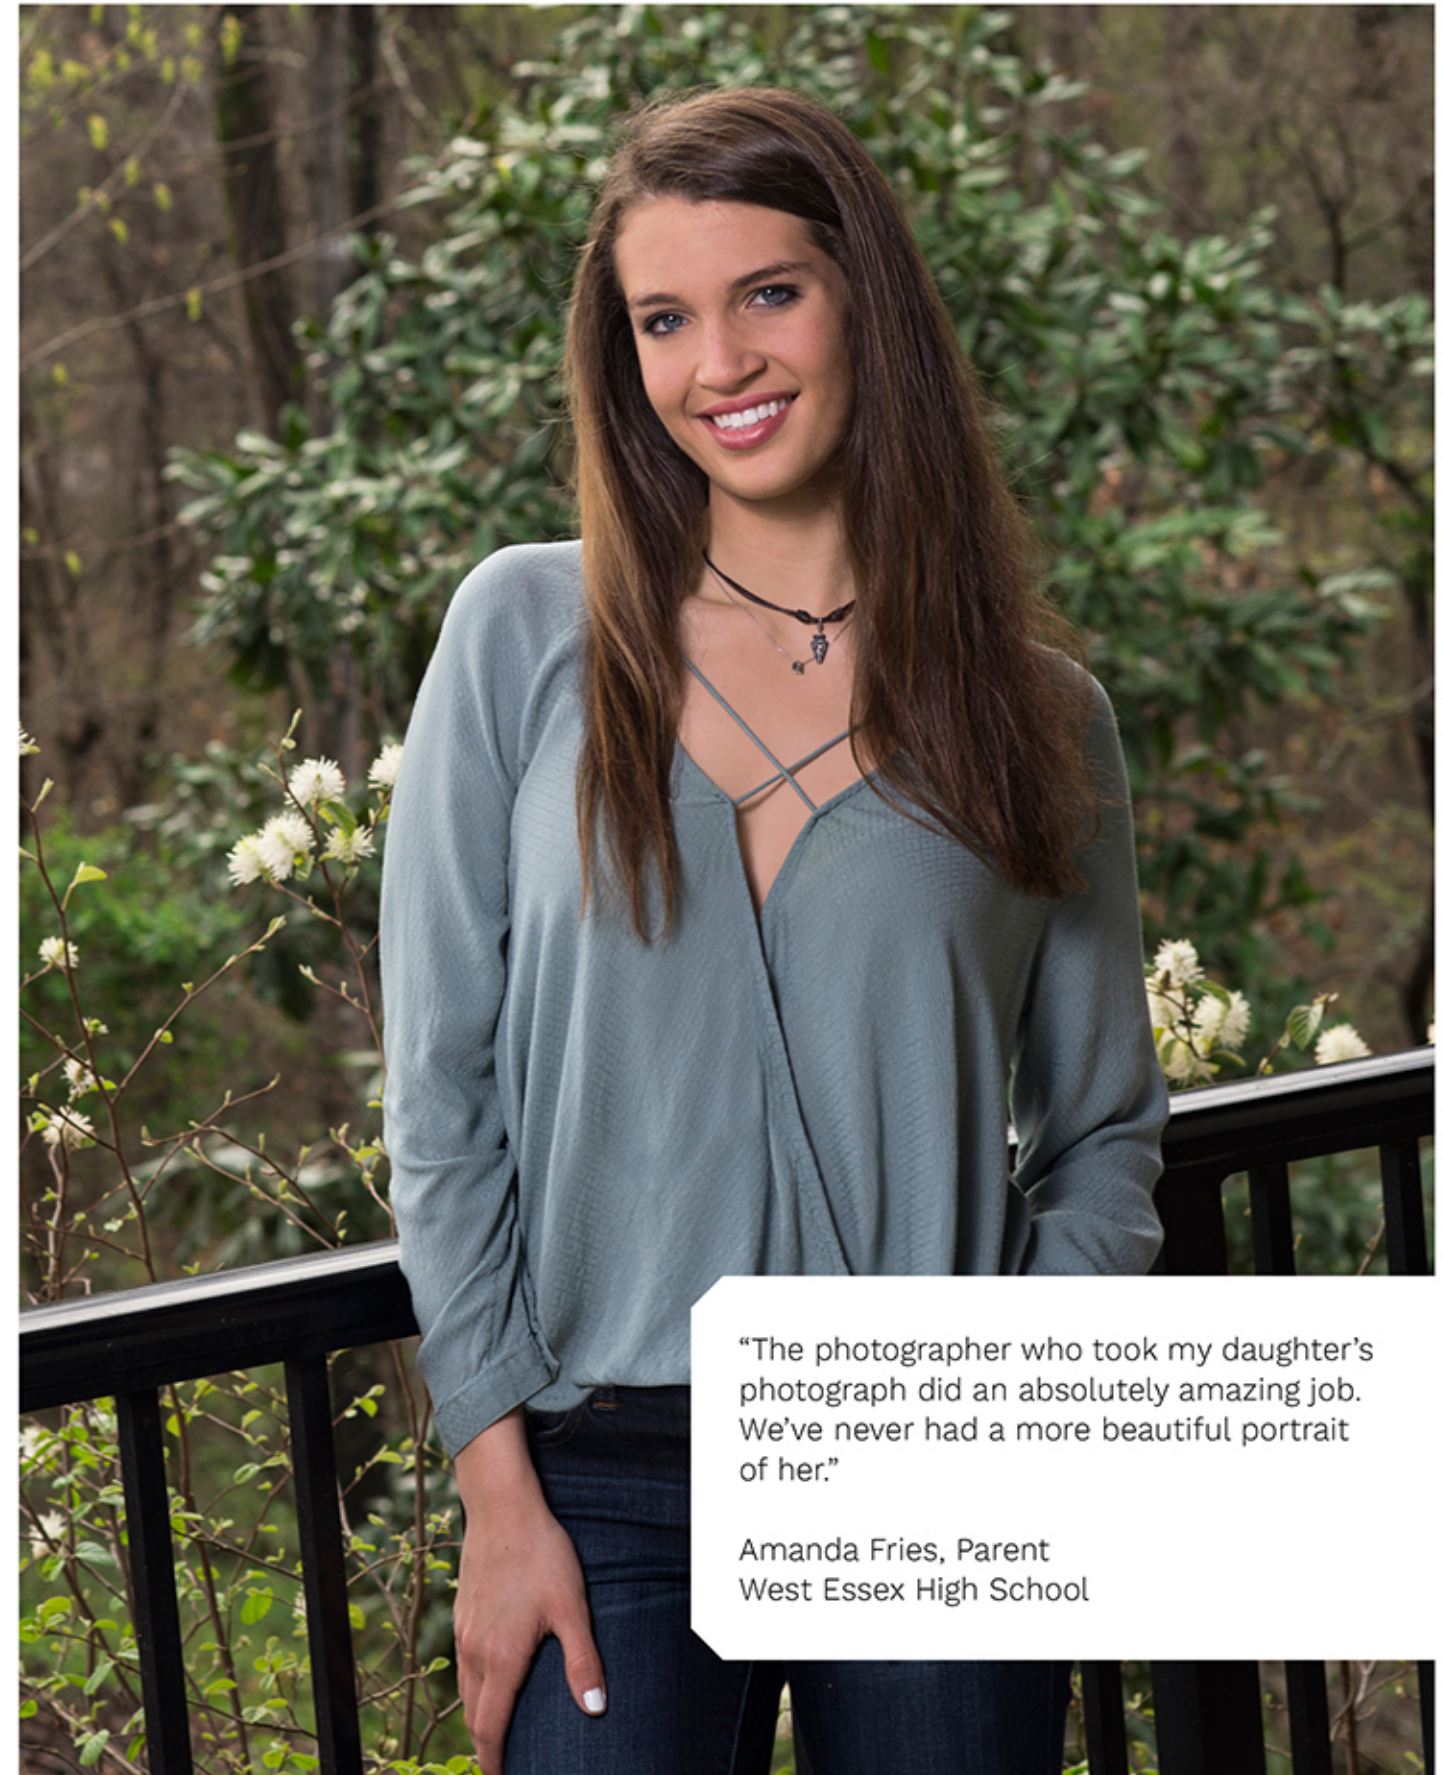

Legacy Studios delivers high quality, affordable photography programs to schools serving students and their families, from kindergarten through high school graduation and beyond. Our highly trained photographers use modern imaging techniques to deliver portraits that carry a contemporary look that's fresh, and a feel that's timeless. Legacy takes advantage of the latest technologies to make our portraits available in any format, at a pace that matches the tempo of today's mobile society.

WHAT MAKES US DIFFERENT?

At Legacy, we're constantly updating our operations to respond to the evolving needs of our scholastic partners. As aesthetics and delivery formats move, we move with them. We maintain direct lines of communication between management, photography staff, and our print production partners to ensure that our portraits retain the quality they deserve throughout the entire capture-and-delivery process. As both artists and technicians, we adapt to the ever-evolving ways that photography is used.

FOR THE PARENTS

- ◆ **Same Day Mobile Ordering**
Quickly link to your child's personal gallery from any device and select the portraits you love most.
- ◆ **Online Prepay, Digital and Printed Order Forms**
Choose when and how you order is fulfilled, in the format that fits your busy schedule.

- ◆ **Fastest Turnaround Time In The Industry**
We deliver your picture packages to the school within ten business days with UPS overnight shipping.
- ◆ **Family Plan Discount**
Families with three or more children only pay full price for the first two.
- ◆ **Lifetime Gallery**
Legacy stands by its work with a lifetime gallery of memories from preschool, all the way through high school and university graduation.

"The photographer who took my daughter's photograph did an absolutely amazing job. We've never had a more beautiful portrait of her."

Amanda Fries, Parent
West Essex High School

PORTRAIT PROGRAMS

Exquisite portraits don't just convey an image — they convey a feeling and a sense of purpose. At Legacy Studios, we're aware of just how formative these moments in life can be, and we strive to immortalize that in stunning, emotional, personal photographs. From formal studio sessions, to lifestyle portraits, Legacy portrays all sides and personalities of our subjects. We also have the ability to instantly produce ID badges featuring a thumbnail image of each student. Life is an experience. We want to capture that on camera.

ELEMENTARY PORTRAITS

Legacy photographers seek to create exquisite photographs at every stage of a student's life and education, and elementary school is no exception. Our photographers are trained to bring out the best sides of everyone.

UNDERCLASS PORTRAITS

From child to young adult, as students grow, we grow with them. Legacy's yearbook portraits document the student's progress each academic year to provide a meaningful commemoration of the journey between grade levels.

SPRING AND JR GRADUATION

Graduation is a special moment at any level, and we take pride in photographing every achievement in life that we can. No accomplishment is too big or too small to be commemorated with great portraits.

SPORTS PORTRAITS

Our photographers capture those clutch moments that can define an athlete's career. Sports Portraits are a chance for students to be remembered, commemorated, and immortalized in the history books as not just students, but stellar athletes.

SENIOR PORTRAITS

The senior portrait forms the backbone of any high school yearbook, and serves as a mainstay on any wall or mantle. We've achieved consistent excellence with our senior portraits by employing photographers with an attenuated eye for detail.

SENIOR SHOWCASE

Senior Showcases represent the best of what Legacy Studios offers. Our photographers have studio portraits down to a science, but the creative magic really happens out in the field. We offer Seniors an array of packages that showcase their lifestyle and personality.

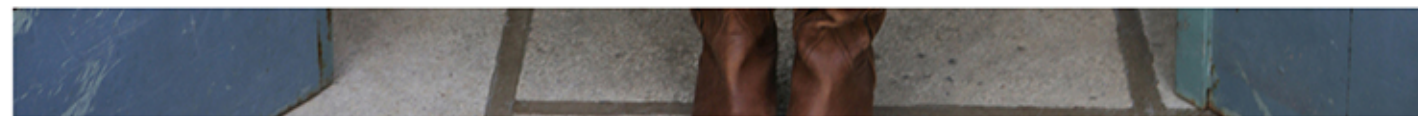

PROM AND SCHOOL EVENTS

It's Legacy's joy to take part in prom and other milestones events through photography. Legacy makes itself available to schools for any event, celebration or function where excellent photography is needed.

SENIOR GRADUATION

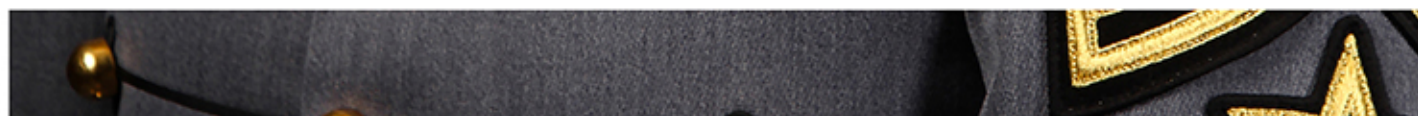

We take pride in capturing the achievements and celebration of senior year. Legacy photographers can be mobilized to any event, no matter how fast-paced, and produce images that are stunning, emotive, and delivered with speed and efficiency.

U.S. MILITARY ACADEMY

Legacy makes its contribution to the military with portraits that are stately, elegant, and timeless. As the official photographer for USMA, Legacy Studios documents every cadet's triumphs and achievements throughout their four years at the Academy.

U.S. NAVAL ACADEMY

Legacy is also the official photography studio for the United States Naval Academy, and we've earned that privilege through years of consistently excellent work. Our office in Annapolis, MD overlooks the Academy yard, and our photographers there know the campus well.

OUR SERVICES

Being a great photographer isn't just about hitting the shutter on some expensive equipment. You have to love people, and you have to know how to quickly bring out the best in them. Every Legacy photographer is, first and foremost, a people person. We get to know our clients on a deeper level so that their personality really shines through on every image, whether in studio or out in the world.

Legacy is a holistic provider of photography and image processing services. We combine the boutique skills of our photographers with the technology and resources of a national studio to create portrait experiences that are expertly tailored, yet efficient in their execution.

FOR THE SCHOOL

- ◆ **Customized ID Cards Printed On Site**

Security is important. Our easy-to-read cards make it easier to identify students at a glance, and are customized with school colors and backgrounds. These can be printed on-site within just a few seconds.

- ◆ **Photographed/Not Photographed Reports**

After each and every photo shoot, you will receive lists of students and staff that were photographed, as well as a list of those not photographed.

- ◆ **Administrator & Yearbook Exports**

High quality images will be provided in a standard format for use with your administrator system as well as your yearbook publisher. If you desire, all of your portraits and candids will be automatically uploaded to the YTO website for you.

- ◆ **Digital Student Directories**

Quickly search to find what you need with our full color, easy-to-read directories that can be sorted by classroom, name or grade. With your digital copy, you can easily distribute or print as needed!

"The photographers here were wonderful! We are very thankful we switched to Legacy. They did an awesome job photographing our art show as well! Thanks again."

Regina DiMaria, Yearbook Advisor
Amherst Middle School
